

# **CODE OF CONDUCT**

# COLLEGE REGULATIONS

This document provides more specific detail on the expectations of the **Wembley College scholars**, and the consequences which follow if the principles of the Code have been breached.

This document is not all-encompassing, and should issues not mentioned arise, they will be assessed by the Management of the College and then acted upon.

While there are no specifically designated rewards for good behaviour, the real reward lies in knowing that one is contributing to the creation of an environment which is a pleasure to live and learn in. It is assumed that responsible people do the right thing.

- 'Relaxer', hairspray and other products may be used to keep hair tidy, or otherwise clips, Bobby pins etc. must be used to keep 'flyway's' and other loose strands of hair secure
- Hair extensions are permitted, as long as they are able to fit into an ordinary swimming cap, or else they will be deemed too long or thick

- No artificial nails may be worn.
- Allowances may be made for the Black and White Ball (Form 6 only).

- Two hours detention will be given to any pupil not adhering to these rules.

### **Emergency Drill – Fire**

- The sounding of the long siren will indicate that all scholars must proceed quickly and silently to the allocated areas. Once there, scholars must line up in alphabetical order in classes. The class captain must check the scholars against a class list and report to the class teacher if a scholar is missing. Once the class has been checked, they must sit down to indicate that all are present. The class captain reports to the teacher-in-charge. Scholars may only leave allocated areas when the teacher- in-charge gives the signal.

### **Emergency Drill – Riot**

- The sounding of two short sirens, a pause and another two short sirens indicates a riot drill and all scholars must stay in class silently.

### **Lockers**

- Lockers are allocated for the storage of books, files and belongings.
- These lockers must be kept **locked at all times**, or the contents will be removed. The onus is on scholars to provide their own padlocks for this purpose. It is advisable to empty lockers over the holidays.
- Items placed on the top of the lockers will be confiscated if left untidily.
- Report to the HOD if there is a problem.

### **General Classroom Rules**

- The classrooms are not the place for social gatherings and horseplay.

- No "ripped" revealing jeans or leggings may be worn.

## Academic Matters

- The school expects scholars to take pride in their work and do their best.

## Late Work (High School Only)

- If a deadline is not met, a time should be arranged with the HOD for the task to be completed.
- The late submission of work, such as essays, projects, assignments etc., can incur a penalty of 5% per day, up to a maximum deduction of 20%. Should there be extenuating circumstances (e.g. illness), these need to be explained in writing and backed by the necessary documentation, namely a doctor's certificate. Where excuses for the late submission of work are deemed valid, they will be accepted.
- This penalty system is an effort to prevent tardy scholars who have additional preparation time from gaining an unfair advantage over more diligent scholars who ensure they meet deadlines. We also hope to encourage thorough planning and improved time management. A scholar may also be punished in some other way (such as detention) for any inconvenience caused or a lack of co-operation.

## Plagiarism

- Wembley College, like many other institutions, is concerned with the seeming increase in incidents of plagiarism, **particularly with widespread (mis)use of the internet for research. It is very important that scholars, teachers and parents are aware of the variety of ways in which plagiarism can be committed and the severity of the offence.**
- Wembley College believes that it is vital to ensure that scholars leave the school equipped with the values which would discourage dishonest behaviour and the skills necessary to complete tasks without resorting to plagiarism. Scholars are given a great deal of information about and guidelines to avoid plagiarism, and it is each scholar's responsibility to apply this knowledge to ensure the authenticity of their work.
- A first offence would be dealt with severely, depending on the circumstances, and a second offence would result in a disciplinary hearing, which could possibly lead to expulsion.

## Examination, Tests and Homework

- Scholars may not use unauthorised notes or other aids, including cellphones or smart watches, in a test or examination. Scholars may not aid another scholar during a test or examination, nor may scholars copy tests or homework.
- During exams, all necessary stationery must be contained in a clear, small plastic sleeve.

## Attendance

- Scholars must report to the school by 07:25 every morning.
- No student may miss scheduled classes or activities unless permission has been sought **in advance, in writing**, from the Principal. It should not be presumed it is automatically granted.
- Scholars who have been granted permission to leave the school during the day need to follow the following procedure :
  - a. Collect permission slip from the register teacher.
  - b. Ensure that the permission slip is signed by all staff who teach the lessons that the scholar will be missing, as well as the register teacher. Boarders will also require boarding staff to sign them out.
  - c. The permission slip must be handed in to the **Front Office immediately prior to departure**. This is a security measure to ensure that the school records when scholars leave the school property.
  - d. Scholar must report to the front office or, in the case of a boarder, to the boarding office **on their return** to school.

## Rules Specific to Day Scholars

They may not continually text on their phones.

## Stationery

- Scholars must come to school prepared with all their stationery requirements. Lists of required stationary and text books are distributed to all before the start of a new year. Parents or scholars can contact the office for lists.

- Bookings can be made through Mrs van der Merwe 033 413 2873/ 079 875 9323.
- Lunches for day scholars may be booked in advance, for the whole term, by filling in the lunch form. This form must be signed by parents, at the beginning of each term, before handing it in to the front office.

## **General Behaviour:**

Scholars must act as ambassadors for the school at all times. Scholars are expected to conform to widespread social norms such as courtesy and behave in a dignified manner in and out of school hours

## **Greeting and General Manners:**

- Academic staff, administrative staff, grounds staff, board members, parents and visitors are to be accorded the utmost respect. If a scholar is seated when an adult approaches, he/she should stand to greet the adult and offer assistance where necessary. Scholars should greet staff members when meeting or passing each other during the day. Adults are to be greeted by surname (e.g. Mr Jones) or as “Sir” or “Ma’am”, whichever is applicable.
- Disrespectful behaviour or impertinence directed towards any adult is unacceptable.
- Scholars are to stand back and allow adults to pass along corridors or upon approaching an entrance/exit.
- Scholars are expected to behave appropriately at all functions. Scholars are to remain silent when entering venues for formal occasions, e.g. Assembly.

All academic tasks (class preparation, homework, projects and so forth) must be properly completed by the due date. Scholars must be punctual at all times.
- Liquid markers, correction fluid or thinners may not be used or brought to school.
- The classrooms are out of bounds before and after College and during breaks, unless official school activities have been organised and approved by a member of staff.
- Scholars may not sit on the corridors or lean against the corridor walls.
- Scholars are to line up alongside the classroom wall before they enter.
- Scholars may not meet visitors at school without permission. No scholar may leave the school grounds at any time without being signed out at reception. A letter of consent from the parent(s)/guardian(s) must be present when a scholar is signed out by anyone else.

- Scholars may not hitch-hike in uniform or in the company of scholars in uniform.
- Under no circumstances may any scholar enter the staff room or any staff workroom. Scholars must wait at reception to consult with a member of staff. Administrative matters must be taken up at reception.
- Scholars are to carry out instructions given to them by any authoritative figure.
- Any disciplinary action must be carried out by the relevant scholar(s) within a given period of time. Failure to do so will be viewed in a serious light.

### **Communications:**

Notices and newsletters are essential methods of communication between the school and parent. Scholars are to ensure that communiqués handed out at school are given to their parent. **When return slips are attached, these must be returned promptly to the Class Teacher/Front Office.**

It is of the utmost importance that scholars hand school reports to their parent(s) in a sealed envelope.

### **Absenteeism:**

A letter of explanation from the parent(s) must be handed or emailed to the scholar's teacher/ front office on the day the scholar returns to school. Generally, a doctor's certificate is required when examinations have been missed or when a child has been absent for two days or more.

Requests for a scholar to miss school activities must be submitted in writing and be addressed to the Headmaster, well in advance of the date of absence. Furthermore, an absenteeism form needs to be completed by the scholar and signed by both their register teacher as well as one of the front office staff.

Where possible, medical, driving lessons and dental appointments should be made out of school hours. Permission is not automatically granted and the appropriate forms must be completed.

### **School Premises:**

To preserve our grounds, scholars are asked to keep to the footpaths when moving across the quadrangle and around the school. Only Matrics, guests and teachers may use the stairs leading to the landing outside the library. All other scholars are to use the pathway alongside the Computer Centre.

Scholars are to remain in their designated areas during breaks.

Scholars are asked to keep the grounds clean and tidy and to use the bins provided.

Eating or drinking in the school buildings is not permitted, unless permission is granted by the teacher.

No ball games may be played in the hall or in close proximity of any buildings, or where cars are parked.

The riding of motorbikes and/or quad bikes is not permitted on the school premises.

**11. ENFORCEMENT OF POLICY**

**11.1** This policy shall have the force of a contractual agreement between Wembley College and the scholar, duly assisted by his/her parent/guardian.

**11.2** This policy shall be subject to the enforcement and disciplinary provisions more fully detailed in the Wembley College Disciplinary Code of Conduct Policy.

## DRUGS POLICY

### 1. GUIDING PRINCIPLES

Wembley College acknowledges the sad reality that our scholars are the potential targets of highly sophisticated international and local drug syndicates and that the availability of drugs is of real concern to all involved in the lives of young people. In the society in which our scholars live, drug dealers seek out our scholars rather than the reverse and we need to equip them with the knowledge and the ability to reject drugs whenever they are on offer and to act against drug usage wherever they encounter it.

While we might not be able to control the drug supply, we should aim to control the demand for drugs. In this we should start with our scholars and we should adopt a strategy that includes drug awareness, counselling, zero-tolerance for drugs at Wembley and preventative drug testing.

#### 1.1 DRUG AWARENESS AND COUNSELLING

**Drug Awareness:** it is our duty to ensure that scholars, staff and parents are aware of the dangers of drug abuse and to create a social ethos where drug-taking is viewed as unacceptable. This should always be age appropriate, should take place within the formal curriculum of the College as well as outside of it and should be seen as an on-going process.

**Counselling:** our scholars need to be aware of the opportunities for counselling and rehabilitation that are available to them. Where a scholar wishes to seek help, they are encouraged to speak to the College for a Counsellor, his/her mentor or class teacher or any other responsible adult on the staff with whom he feels secure. In this he/she needs to be assured of confidentiality.

**Zero tolerance for drugs at Wembley:** possession, use and/or sale of drugs whether on the Wembley campus or off it, are serious offences and will always lead to a formal disciplinary hearing and possible expulsion from the College.

**Preventative drug testing.** The College views preventative drug testing as a powerful weapon in a scholar's armoury to say 'No!' to drugs.

#### 1.2 THE WEMBLEY APPROACH TO PREVENTATIVE DRUG TESTING

- 1.2.1. Drug-testing is not specifically aimed at catching individual users and is not aimed at punitive measures.
- 1.2.2. We need to have early warning systems in place to assist in combating the drug scourge.
- 1.2.3. The issue of respect for the process with regard to our scholars is paramount.
- 1.2.4. The aim of preventative drug testing is to create a social ethos where drug-taking is seen as unacceptable.
- 1.2.5. We acknowledge the right of parents to instil values in their children and we assert the College's responsibility to create a social ethos in keeping with its chosen standards and values.
- 1.2.6. Drug-testing of scholars is not against any law, provided that we have written parental consent and the consent of the scholar involved. The College does, however, have a duty to do everything reasonably possible to assist our scholars to uphold the law: drug usage is a criminal offence. An adverse inference will be drawn from a scholar's refusal to undergo a drug test.

### **1.3 TESTING WILL BE BOTH RANDOM AND SPECIFIC**

- 1.3.1. For random testing, scholars will be selected on a statistically random basis. The process must be such that it manifestly demonstrates a process free of any discrimination. This testing will be confined to scholars from Grade 7 to Grade 12. The cost of initial random testing will be to the account of the College. The costs of any further testing will be for the parents' account.
- 1.3.2. Where it is considered, as a result of unusual behaviour, poor work ethic or other possible indications of drug abuse, that it would be in a scholar's interests to be tested, he will be selected for specific testing. The parents will be informed and their permission and that of the scholar will be sought. Arrangements may also be made to have the scholar tested outside the College. Parents may elect to have the specific testing done outside the College. The cost of initial specific testing will be borne by the parents of the scholar concerned and the cost of any further testing will be borne by the scholar's parents.
- 1.3.3. Should a scholar refuse to take a test, whether random or specific, the College will draw an adverse inference. The College reserves the right to proceed as if the scholar had tested positive in the test.

### **1.4 THE USE OF SNIFFER DOGS AND OTHER AGENCIES**

- 1.4.1. The College will make use of sniffer dogs and outside agencies in the effort to ensure that the campus is a drug-free zone. It is emphasized that these agencies are not used to target individuals and will be used as discreetly as possible.
- 1.4.2. The whole College community – scholars, staff and parents – should be party to the College's anti-drugs initiative. They must be fully educated as to the drug situation in our society and be aware of the rationale behind the College's drug policy.
- 1.4.3. Pre-counselling should be available and it is important that the testing should not be seen or experienced by the scholars involved as demeaning or threatening in any way.
- 1.4.4. The results of the testing will be given to the Executive Headmaster and the Principal, and the Principal will convey these results, in confidence, to the parent(s) of the scholar.

### **1.5 SEARCHES**

- 1.5.1. Where there is reasonable suspicion that drugs are being kept on the campus, searches may be conducted. Reasonable suspicion may occur as a result of confidential information being given to College authorities (whistle-blowing), the scent of drugs and/or confidential reports from within or without the College community
- 1.5.2. The Principal or the Deputy Principal and the Director of Student Affairs will supervise these searches but may use an outside agency to assist in these.

### **1.6 LAW ENFORCEMENT**

- 1.6.1. The College will use the South African Police Service in investigations wherever it deems this to be necessary.

## **1.7 AT WEMBLEY, THE FOLLOWING PROCEDURES WILL BE FOLLOWED:**

- 1.7.1. The random selection of scholars for testing will be done through a computer programme that operates in conjunction with the College database and the HOD's of the various phases.
- 1.7.2. If a parent or scholar has refused consent, the scholar concerned will not be tested. A replacement scholar may be called.
- 1.7.3. A refusal to take a test for whatever reason will result in an adverse inference being drawn and the school reserves the right to proceed as if the scholar had tested positive in the test.
- 1.7.4. In the event of the absence of a scholar who has been randomly selected, a replacement scholar may be called. Absentees will be tested with the next sample at the next testing occasion.
- 1.7.5. Selected scholars will be advised and directed to the sick room for testing by an independent tester.
- 1.7.6. All procedures necessary will be implemented to avoid any possible contamination of samples taken from the scholars who present themselves for testing.
- 1.7.7. The samples will be tested by a paramedic in the presence of the Principal or his designate and the results conveyed directly to the Principal. Strict confidentiality will be observed.
- 1.7.8. All results, whether positive or negative, will be conveyed to the scholar and his parents by the Principal or his designate.
- 1.7.9. **If a scholar returns a positive test, no disciplinary action will be taken at this point.** It is vital that both the scholar and his parents understand that the rationale behind the drug testing is to protect the interests of the scholar. Empathy and understanding will be shown and advice and support will be given.
- 1.7.10. The parents will be required to arrange counselling for their son and advice in this regard will be offered by the school. SANCA or a Counsellor recommended by the school will be closely involved in this process and the scholar will then be required to undergo a follow-up test. The timing of this test will depend on the substance involved. The cost of the counselling and the follow-up test will be borne by the scholar's parents. If the scholar tests positive a second time, or if the scholar is uncooperative and/or progress in rehabilitation is not being made, he will become subject to the disciplinary procedures of the school, which could result in expulsion from the school.
- 1.7.11. Records of all drug testing results will be kept, in confidence, by the HOD of the high school. He will not make any public disclosure of the test results.
- 1.7.12. Testing for anabolic androgenic steroids (performance enhancing drugs or 'steroids') will take place in accordance with the Sharksmart programme, to which Wembley and many other schools subscribe. The details of this appear as Addendum 1 to this policy and minor amendments have been made in keeping with Wembley Drug Policy.

## **1.8 DEALING IN DRUGS**

- 1.8.1. This is defined as the trade in drugs for any form of compensation and/or the distribution of drugs beyond personal use.
- 1.8.2. Any scholar who deals in drugs, whether on Wembley premises or off it, will face formal disciplinary procedures without warning, which may include the involvement of the South African Police Service and possible expulsion.

## **2. IN CONCLUSION**

Scholars need to see the drug-testing as a constructive measure which has been implemented in order to help them to say *'No!'* to drugs, and to provide them with a safe environment in which the activities of the school can continue without impediment.

## **ADDENDUM 1**

### **DISCOVERY SHARKSMART COLLEGES OF EXCELLENCE PROPOSED STEROID TESTING POLICY**

#### **Reasons for the policy**

The desire to achieve an enhanced body image, to succeed on the sports field, or to play for the school first or provincial team are strong and often over-riding motivators and influences in the lives of adolescents. These influences can cause children to risk their short and long-term health by using banned performance-enhancing substances as a shortcut to meeting these goals.

Moreover, the unscripted use of scheduled drugs is a criminal offence, is cheating and is a violation of the honesty and integrity of fair participation. Wembley is committed to act against this behaviour by introducing an anabolic androgenic steroid (performance enhancing drugs or 'steroids') testing programme and to educate our scholars on the health and moral dangers of taking anabolic steroids. The Heads of other schools have also agreed to work together in eradicating this behaviour by introducing testing in their schools.

#### **Reasons for testing**

- Using steroids (performance enhancing drugs) can cause serious, adverse health effects.
- Using steroids and other performance-enhancing drugs can give an unfair advantage over the competition, and is considered cheating.
- Testing for steroids can help deter their use among Wembley College scholars.
- Steroids are drugs that should only be used to treat medical conditions. Possession, use or dealing of most steroids without a prescription is illegal.

Wembley recognises that it will take a community-wide effort by parents, coaches, scholars, teachers and physicians to deal with this growing challenge. Steroid testing is one tool that can assist in discouraging scholars from taking steroids.

#### **Definition of Steroids**

Anabolic steroids, officially known as anabolic-androgenic steroids (AAS) or colloquially simply as 'steroids', are drugs which mimic the effects of the male sex hormones testosterone and dihydrotestosterone. They increase protein synthesis within cells, which results in the build-up of cellular tissue (anabolism), especially in muscles. Anabolic steroids also have androgenic and virilising properties, including the development and maintenance of masculine characteristics ([www.wada-ama.org](http://www.wada-ama.org))

#### **The Policy definition**

It shall be considered a violation of the sportsmanship code of conduct for any scholar to possess, ingest or otherwise use any substance on the list of banned substances as indicated by the South African Institute for Drug Free Sport (SAIDS), without written prescription by a fully-licensed physician as recognized by the South African Medical Association, to treat a medical condition.

**In short, use of performance-enhancing drugs by scholars at Wembley is considered to be cheating and will be penalized and could result in the scholar not being allowed to represent the College or the scholar being expelled from the school.**

### **Consent form**

Wembley already has an existing illegal drug testing policy and all scholars' parents or guardians at Wembley consent in writing, to the drug testing policy administered at Wembley. Testing for illegal performance-enhancing substances forms part of this testing programme. Failure to sign the consent form renders the scholar ineligible to participate in any sports programme whether it be at an inter house or inter schools level until the form is signed.

### **The testing programme**

Any scholar can be tested. The school will carry the cost of the initial test but in cases of positive results the costs of the follow up tests will be for the parents' account.

- Testing can be conducted at any time of the year, pre-season, during a particular season or after.
- Testing will not be restricted to any one particular sport.
- The programme will be administered in two ways:
- **Internal testing** by the College through Drug Detection International (DDI). Violations here, as a result of a positive test, will be penalized in accordance to the College policy and will not be reported to the S.A. Institute of Drug Free Sport (SAIDS)
- **External testing** through SAIDS and mostly for interschool matches. Violations here will be dealt with at National sporting level and bans of up to four years are possible. These tests will be conducted when playing in tournaments, festivals and interschool matches and not necessarily only at First Team level.
- Urine tests will be used.
- The substances tested for will include any substances that are banned by the South African Institute for Drug Free Sport (SAIDS) that falls under the banner of the World Anti-Doping Agency (WADA). **Using any substance belonging to a banned class violates the rules of sportsmanship, can be detrimental to the scholar's health and is considered cheating.**
- Nutritional and dietary supplements are not on the banned substances list but all scholars must be aware that many supplements contain banned substances owing to the unregulated nature of the supplement industry. Impure supplements may lead to positive test results because the purity and safety of nutritional dietary supplements cannot be guaranteed.  
**The use of supplements is at the scholar's own risk. Scholars are required to disclose in writing to their coaches, the nature of the supplements that they are using.**

## **Consequences for violating the steroid policy**

Any person who tests positive in a test, or any person who refuses to provide a testing sample, or any person who reports his own violation, through the programme at Wembley will:

1. Be informed, along with his parents, according to the same process as per the substance abuse policy, of the consequences in regards to the violation. This will be fully documented.
2. Be immediately suspended from the College sporting programme until proven steroid free. This suspension applies to him attending any local provincial representative sports trials as well and may include a further suspension for the duration of the season or the year.
3. The individual will need to continue serving the seasonal sports chosen in whatever capacity required such as acting as a linesman, scoring or working on table duty.
4. Any such person will also forfeit any individual honour earned while in violation. This means that colours awarded, during the seasons prior to the test being positive may be removed.
5. Scholars who test positive and do not play representative sport will be required to attend counselling as per the Wembley Drug Policy (see above). Any person who tests positive, refuses to provide a test sample, or who reports his own violation will only resume eligibility for participation in sport after he has undergone counselling and produces a negative test result from the same testing organization DDI. This will be at the parents' expense.
6. Should a scholar test positive on a second occasion, then the College's disciplinary process will be brought into play with a disciplinary hearing likely and possible expulsion from the College.

Any scholar caught dealing in steroids will be considered as contravening the South African Schools Act section 8A (1) and will be liable to appear before a disciplinary hearing and could be expelled from Wembley.

### **1. Introduction and Purpose**

Wembley College (“**the school**”) recognises that social media is a very valuable tool for both communication and education. We want all learners and their parents/guardians to gain every benefit from the opportunities it offers. However, if not used responsibly, social media poses certain risks. The school has a duty to protect itself, and other individuals associated with the school, against these risks. This policy has thus been created to encourage the use of social media, whilst at the same time reducing the risks to your child, individuals associated with the school and the school’s reputation.

At the school, we foster an open and expressive environment, and respect every individual’s right to freedom of speech. However, as an educational institution, we feel we must remind all learners and parents of their obligations as citizens of South Africa, to ensure that all communications on social media are lawful, do not cause harm and do not infringe on other peoples’ rights (e.g. their rights to reputation, dignity and privacy). Sometimes this may mean that your right to freedom of speech is limited. This is not a limit imposed by the school, but by South Africa’s Constitution.

**This policy applies to all parents/guardians of learners at the school and to social media used in both a personal capacity as well as in relation to/association with the school.**

### **2. Definition of Social Media**

For purposes of this policy, “social media” means any facility that enables conversation over the internet including blogs, forums, platforms such as Facebook, Google, Instagram, Snapchat, Twitter, Live.ly, Music.ly, WhatsApp, YouTube, Gaming platforms (including games on X-box and PlayStation etc.) and any other forms of communication now and in the future classified or generally regarded as social media.

### **3. Important Principles**

There following are important principles that learners and their parents/guardians must keep in mind when using social media:

- 3.1. Most individuals, whether pupils or parents can be linked with the school, even if they do not list Wembley College as their school or the school their child attends.** This is due to assumptions that can be made from viewing an individual’s social media platforms (e.g. most of their friends attend the school, so it is likely that the individual in question attends the school) or assumptions that can be made from viewing content regarding the individual on another social media platform (e.g. being “tagged” in a school photograph by a friend or by the school). **This means that these social media guidelines and other applicable policies, apply 24 hours a day, 7 days a week (including school holidays), as all individuals associated with the school act as representatives of the school at all times.**

- 3.2. **“Digital content is dangerous content”** – as soon as content exists in a digital format (i.e. as a photo, or typed note), it is at risk of being distributed and seen by many other people. Even if content is not posted online, phones are stolen every day, images are backed up to the Cloud (which may get hacked) and screenshots can be taken. As a result of this, all digital content is vulnerable, and content that is sent to someone else, or posted, is especially vulnerable, and is essentially out of the creator’s control.
- 3.3. **Content on social media is “published” content** – as soon as one other person has seen your content on social media (and WhatsApp is a form of social media), in the eyes of the law, that content is regarded as “published” content. This means that you are responsible for it, as is the journalist who puts the headline on the front page of the newspaper.
- 3.4. **It is a permanent record** – everything you put online is there to stay. Even if the content is deleted shortly after it is posted online, screenshots facilitate widespread distribution of content that is beyond your own control.
- 3.5. **You are never anonymous online** – even if you use social media under a pseudonym, it is easy to trace the identity and location of an account holder using an IP address.
- 3.6. **It is not private** – there really is no such thing as “private” on social media. Be very careful with posting any personal information that you would not want the public to see. Be particularly mindful of sharing information such as full dates of birth and current locations.
- 3.7. **Chain of publication** – remember that even if you did not create the content, in terms of the law, **you are responsible for any content that you retweet, share, like or are tagged in on social media. Any comments appearing on your posts are also your responsibility, and if you are in a WhatsApp Group all of the content on that group is your responsibility** (not just the responsibility of the person who put it there).
- 3.8. **WhatsApp Groups** – any content on a WhatsApp Group is just as much your responsibility as the responsibility of the person who put it on there/created it. In a situation where the content on the group becomes inappropriate in any way, you have two options:
- Leave the group immediately to leave the chain of publication; or
  - Document that you disapprove of the content (for example, by saying in the group “I do not condone this type of content), and that you want to remove your association with it.
- If you fail to take either of the options listed above, you are choosing to remain in the chain of publication and will be considered as responsible and liable, as the person who originally posted it.
- 3.9. **Don’t air your grievances about the school on social media** – if you are unhappy at any time about any matter related to the school, it is your responsibility to pursue the matter **through the appropriate channels**, which are by personally contacting the Headmaster. Having an issue with the school and taking to social media to vent/air your concerns is not acceptable and is in breach of this policy.

3.10. **Failure to mention the name of the school/ person does not remove liability for content that is damaging to the school/ others.** – You do not have to mention a name in order to have identified someone for the purpose of the offence of defamation or *crimen injuria* (infringement of dignity). Similarly, you do not have to mention the name of the school for the content to be defamatory. If it is possible to “guess” who you are referring to, you are as guilty/liable, as if you had mentioned the name.

#### 4. Appropriate use of social media

To optimise the responsible use of social media, parents are required to use social media in adherence with the following appropriate and acceptable practises:

- 4.1. You must abide by all of the terms and conditions for the social media platforms and facilities that you are using.
- 4.2. If you have authority to make claims on behalf of the school, the communication must state and outline the detail of this authority in these communications. **However, simply stating authority does not remove any potential liability for these claims.**
- 4.3. If you do not have authority to make claims on behalf of the school, you must clearly state that the content is your own opinion and does not represent the opinions of the school or any other individual at the school. **However, this disclaimer dose not remove any potential liability for these claims.**
- 4.4. For any school WhatsApp groups, you must adhere to the WhatsApp guidelines attached to this document as **Annexure A**.
- 4.5. You must only use the school logo, if you have **written permission** from the Headmaster and/or Chairman of the Board to do so.
- 4.6. You may not create accounts that appear to belong to the school, without written permission from the Headmaster and/or Bursar to do so.
- 4.7. You may **not** create, post, associate yourself with (i.e. by being in the chain of publication for) or send on any content that includes the following:
  - Content that may be used for **unlawful purposes**, or that aims to assist with unlawful conduct;
  - Content that includes any threats of violence or harm of any type;
  - Content that amounts to hate speech i.e. speech that discriminates on prohibited grounds such as gender, ethnicity or sexual orientation;
  - Content that is obscene, violent or pornographic;
  - Content containing communications or images which may be defamatory (i.e. say something bad about someone/an organisation) or violate the rights of another party;
  - Content containing offensive, abusive, harassing or harmful communications;
  - Content that is untrue or that is designed to mislead other people;
  - Content that discloses private information about the school, our learners or our staff;

- Content that is detrimental to the school, or any of its staff, learners or parents; and
  - Content that **infringes the intellectual property rights** of another party.
- 4.8. You may only take pictures, video recordings, voice recordings or other recordings of learners, other parents or staff, if you have permission to do so. If you have previously taken and/or posted a picture, video recording, voice recording or other recording of another individual and they ask that you delete/remove it, you must do so immediately (unless it contains evidence of wrongdoing).
- 4.9. Should you become aware of any incidences of bullying, harassment, sexting or other inappropriate communications concerning or involving any learner or other individual associated with our school, this needs to be reported to a member of staff immediately.
- 4.10. You may not use school social media channels (e.g. school WhatsApp Groups, the schools Facebook page etc.) for advertising of any kind. School social media channels are solely for the purpose of facilitating parent/guardian and parent/guardian-teacher relationships, informing parents and guardians about activities at the school and for communicating any last-minute changes in arrangements for school activities.

**Please note that children may be disciplined, and even suspended or expelled from the school based solely on the behavioural transgressions of their parents. This is not unique to our school and is a principle that has been enforced in the South African legal system.**

**Wembley College WhatsApp Guidelines:**

At Wembley College the following guidelines are adhered to:

**1. No “out of hours” use of the groups**

The “hours” of all school WhatsApp Groups are from 06:00 – 18:00. Communications must only be sent between these times. These groups may only be used outside of these hours for emergencies.

**2. School business only**

These groups are for school-related business only. There must be no unrelated business, current affairs or social issues discussed on these groups. Advertising, political endorsement, memes, jokes, etc. are prohibited on these groups.

- You need to obtain permission to post on the class groups. This can be done by sending your message to your liaison parent who will then get the necessary permission and will then post the message on your class group.
- If you wish to ask a question, please send a private message directly to the Liaison mother or phone the school office on 033 413 2677.

**3. Positive content only**

These groups are not places for the discussion of complaints with the school, teachers, parents or students. If there is an issue that is of concern, it must be raised through the appropriate channels, not on any form of social media. Always be careful with the tone of your messages and remember that context is often not clear online. Emotions can cause offence/confusion so use them wisely.

**4. Only reply to the message if necessary**

If a message does not require a response, please do not respond. The volume of messages on these groups can become overwhelming. You do not need to acknowledge receipt unless specifically requested to do so, e.g. Birthday invitations only reply to the person who invited you, not the whole group.

**5. Cultivate responsibility**

Please do not routinely use these groups to find out about your/your child’s homework assignments or tests. We want all students to foster a sense of responsibility for their own learning, and to develop organisational skills. Reliance on these groups hinders this essential skill development.

**6. Our staff**

Please remember that our staff are always available to help, but do appreciate a break too. Please do not contact them outside school hours, unless absolutely necessary.

If parents fail on three accounts to comply with these rules, they will be removed from the group immediately by the admin person on the group.
